

WOODROE WOODS SCHOOL

Summer Camp

For children who have completed K through 5th grade

2 Week Sessions

June 6th – August 5th

Hours of Operation: 7am-6pm

Includes FREE Before & After Care

Woodroe Woods' Summer Camp is for elementary students who have **completed Kindergarten** through 5th grade. We offer an interactive, stimulating and enriched environment through a variety of FUN, hands-on activities led by our staff, special event coordinators, and distinguished guests (see the next page for details).

DAILY ACTIVITIES: Arts & crafts, bike riding/scooters, field games, sports, game room, line dancing, sewing with Grandma Lucy, outdoor play, reading and MORE!

SPECIAL GUESTS: Each session has a unique theme designed to appeal to budding scientists, naturalists, engineers, athletes, performers, and artists. Several special classes, shows, and workshops are woven into our program throughout the summer.

FREE AM SNACK: A healthy morning snack is provided every day.

Our Summer Program is coming up!

June 6th – August 5th

For children who completed K through 5th grade

The Woodroe Woods School Summer Program offers a stimulating and creative environment through a variety of interactive and hands-on activities led by our staff, special event coordinators, and guests performers. Our days are loaded with **art, sports, sewing, crafts, games, biking, reading, cooperative play, and more!**

In addition, each session has a unique theme designed to appeal to budding scientists, naturalists, engineers, athletes, artists and dancers. **Several special classes, shows, and workshops** are woven into our program throughout the summer: check out the details below. **Come experience an exciting summer at Woodroe Woods!**

Session Themes & Special Event Overview:

- 6/6 – 6/17: Sports Fanatics** - Pros from **UK International Soccer** will mentor students to learn the fundamentals of soccer to compete with their feet! Develop physical literacy in a game of scrimmage while implementing essential skills of sportsmanship, strategy, teamwork, and coordination. **Geared for all skill levels!** In addition to soccer, we'll offer a plethora of FUN sports, field games, and group activities... Including many pastime favorites that Woodroe Woods is known for such as Sharks & Minos, Bomb the Cone, The Epic Game of Roshambo, Ship Wreck, Night at the Living Museum, Camouflage, Dodge Ball, Spider Tag & more!
- 6/20 – 7/1: Calling All Artists** - Creativity, color, ingenuity, imagination, freedom of expression, and art are in full bloom during this week! Create to your heart's content with Alana & Vanessa! Special appearance by **Grammy nominated storyteller, Diane Ferlatte**, who will use her magic craft to captivate our campers' imaginations. Local mixed media artist Amy Lindahl will inspire campers in week 2 to create unique modern art masterpieces. In addition our beloved Grandma Lucy will also be here all session long for "Sewing Corner" to teach the art of sewing by hand and with a machine.
- 7/5 – 7/15: Americana** - It's party time in the USA! And party we will, as we savor the most American of meals: a BBQ with hot dogs, veggies, watermelon, and apple pie! This week is shorter than the others (and cheaper), but definitely not less entertaining: jump your heart out in the **inflatable bouncy house**, play games, make crafts, and sing songs. Week 2 of our Americana theme is **tie-dye time!** Tie-dye your **2022 edition camp T-shirt**. If you've been with us before, wear your vintage camp t-shirts and show your Woody Woods spirit! There will be plenty of outdoor action, including water balloon play and elective activities. Additionally, on Monday, we'll take a short walk to our local 7/11 to get a **complimentary Slurpee!**
- 7/18 – 7/29: STEM Week** - The Coder School will teach our campers the fundamentals of coding! Coding Coaches will guide each camper to apply their critical thinking and problem-solving skills to collaborate and code an interactive game using the Scratch platform (created by the folks at MIT). Our younger campers will start with the basics and code a game of Pong. Our older campers will create an animated Snake game. The fun doesn't stop there! Teacher Tori will have each camper delve elbow deep into MAD SCIENCE classics and greatest hits! From creating explosive geysers, to partaking in the most jaw dropping, mind-blowing experiments around. We'll also have a showcase of animals from Tori's Zoo!
- 8/1 – 8/5: Hip Hop Hooray** - The Beat Box Dance academy will provide an unmatched dance education to our campers by teaching them the fundamentals of hip-hop dance technique! Dance professionals will guide campers to move to the beat and encourage self expression, to help develop self confidence and creative artists. We'll cheer each other on and wrap up the last week of Summer Camp with a culminate hip-hop performance.
